Instructions for Safety 1st Car Seats | How To Adult

Buckle the car belt. Adjust it tightly by pushing down on the base of the car seat while simultaneously pulling up on the shoulder belt. This will tighten the lap belt and ensure the safety of your child. Tilt and push the car seat forward and back and from side to side. The base of the car seat should not move more than an inch or two. If the seat is too loose, unbuckle the car seat belt and tighten it again or use locking clip to secure the car seat.
